

We are **the Association of Vecinos of Planas del Rey AVPR (SOSPlanas)**, which after filing a complaint with the courts in 2011 obtained on July 21, 2016 from the TSJC a fundamental sentence for the future of Planes del REI.

This sentence proclaims the dissolution of the EUCC.

Indeed an ECU should only last a maximum of 5 years. That's what the Judges say.

The EUCC having been created in July 1987 by the municipal council of Pratedip, this means that this EUCC should have been dissolved in 1993.

It also means that since 1993, the owners of Planes have paid "quotas" to this same EUCC, "quotas" that they should not have paid.

These quotas from 1993 to 2016 amount to 5 million euros.

On September 26, 2018, the Generalitat de Catalunya certifies the dissolution of the EUCC.

On January 30, 2020, the TSJC dismisses the Town Hall, which called into question the legitimacy of our association, the AVPR to request the application of the sentence of July 21, 2016 and to represent the inhabitants of Planes del Rei.

On April 28, 2021, the Town Hall lost its February 2018 appeal against the decision to dissolve the EUCC and was ordered to pay €2,000

On February 15, 2022, the TSJC ordered the Town Hall to proceed with the liquidation of the EUCC within a period of one month.

On December 29, 2021, our association filed at the town hall, with the help of our lawyer, Maitre Barquin, a "**recurso de alzada**".

This recurso de alzada having remained unanswered, we are filing a criminal complaint ("querella") against the Mayor and the Secretary of the Town Hall.
